KY HEARS is SPRINGING into action!

The KY HEARS team is excited to begin our spring hearing clinics in Kentucky. We have several upcoming hearing clinics in March and April. If you are interested in attending one of these clinics, please reach out to our team to schedule an appointment. In March we will visit Mayfield and Inez, KY and in April we will travel to Louisa and Ashland, KY for full hearing clinics. Additionally, we will travel to Frenchburg, KY to talk about careers in Audiology and to the KRTA Conference in Louisville to provide hearing tests and resources to retired educators. If you would like information about any of these events, the KY HEARS team can be reached by calling **800-958-9610**.

The Kentucky State Capitol

On February 13, 2024, the KY HEARS team visited Frankfort. We were able to provide hearing tests and educational resources to our legislators and visitors that stopped by our mobile clinic and information tables. The work of KY HEARS would not be possible without the support of the Kentucky State Legislature and the Governor. Their support has enabled our team to visit over 20 counties since the fall of 2022 to provide hearing healthcare in areas where audiological services are limited.
